Dr. Thomas McLaughlin
U.S. Nuclear Regulatory Commission
Decommissioning Branch
Division of Waste Management
Office of Nuclear Material Safety and Safeguards
Washington, DC 20555-0001

Dear Dr. McLaughlin,

Reference your letter dated September 27, 2001, subject: Acceptance Review of Jefferson Proving Ground Decommissioning Plan (TAC # L52058) and January 25, 2001, subject: Listing of Potential Discussion Areas for the Jefferson Proving Ground Environmental Report.

To facilitate the termination of the Nuclear Regulatory Commission License No. SUB 1435, held by the U.S. Army Soldier and Biological Chemical Command for the Jefferson Proving Ground, in Madison, Indiana we are submitting a revision of the decommissioning/license termination plan and the Environmental Report as requested in the correspondence referenced above.

Ms. Joyce Kuykendall, U.S. Army Solider and Biological Chemical Command, Radiation Safety Officer, may be contacted for additional information at (410) 436-7118, facsimile (410) 436-4445 or by email at joyce.kuykendall@sbccom.apgea.army.mil.

Sincerely,

John M. Ferriter
Director, Operations,
Remediation and Restoration
